	HEARTWORM TESTING - South Carolina Law requires a Veterinarian-Client-Patient-Relationship once YEARLY in order for all prescribed medications to be administered, including heartworm preventions. Pet Med Mobile/Richland Creek Animal Clinic reccomends that each pet have a heartworm test once yearly for pets over 6 months of age in order to continue pets on these medications. Animals that are heartworm positive may react negatively to the medications in heartworm prevention leading to the progression of the disease or SUDDEN DEATH. RABIES VACCINES - SC state law requires that ALL pets be vaccinated against rabies. Pulse Resp. Check back in 7-10 days. ONOT desire a complete physical exam for my pet/pets at this time.	ient-Patient-Relationship once YEARLY in order for all presheartworm test once yearly for pets over 6 months of aging to the progression of the disease or SUDDEN DEATH.
